

WE'VE BEEN IN YOUR SHOES

The team at STAR Collaborative a LanceSoft Company has walked in your shoes and understands the challenges you face!

100% of our team members have actually worked on your side of the table. We've been the candidate, client, operations team, hiring manager, vendor and the resource manager.

We've led cross-functional program and project teams and assembled the right portfolio of talent to get the job done. We know the operations, logistics, and procurement steps necessary to get talent sourced, screened, onboarded and running in an efficient and effective way.

We know the internal demands to finding the right talent, and we do our best to make your job easier.

We serve more than 70 Twin Cities based clients, 100's nationally and have placed contract, contract-to-hire, and direct hire candidates at companies of all sizes: from small startups to Fortune 50 VMS programs. We can handle any size or volume talent needs, thanks to our experience in every aspect of the business. We also specialize in Payrolling and MSP Backoffice Management Services.

Not many staffing firms can say they've been in your shoes. But we can!
